Company Description: Clearwater Seafoods is one of North America's largest vertically-integrated seafood companies with over 1,900 employees in offices, plants and vessels around the world. The Bedford-based company operates from 'ocean to plate', owning its own fishing quotas, vessels and processing facilities, while also providing delivery to its customers worldwide. Clearwater is recognized globally for its superior quality, food safety and diversity of premium wild-caught seafood, including scallops, lobster, clams, coldwater shrimp and crab.

As a leading harvester, processor and marketer of sustainably-sourced seafood, Clearwater supplies its products to wholesalers, retailers and foodservice distributors throughout the world. Selling its products globally under both the Clearwater and private label brands.

Since its founding in 1976, Clearwater has invested in its resource ownership and management to sustain and grow its wild seafood resource. This commitment has established Clearwater as a global leader in sustainable seafood excellence.

In 2015, Clearwater Seafoods acquired the Scotland-based Macduff Shellfish Group, bringing together two of the world's leading and fastest growing vertically-integrated wild shellfish harvesters. Macduff's product portfolio closely complements Clearwater's product offerings with King and Queen scallops, langoustine, brown and velvet crab, and whelk.

Company Description: We are known for our fast lead times and competitive pricing

The market leader

CSF is the leading manufacturer of aftermarket parts and accessories in North America. We are known for fast lead times and competitive pricing.

With more than 250,000 sq.ft. of manufacturing facilities, we are constantly expanding and growing our capabilities and reducing lead times to better serve our customers.

CSF has built one of the largest part libraries in the business and if we do not support your case, one of our design engineers can visit your store to develop a custom solution.

We bring more than 25 years of experience to an industry where small details make the difference between success and failure.

Mission

To continue to be the globally preferred brand in efficient and competitive refrigeration display parts, the most trusted company in custom-engineered units and parts, and the best customer service provider in the industry.

Objective

To design manufacture and install only the highest quality aftermarket display parts for commercial refrigerated cases and product displays in the Americas. We manufacture parts for highly recognized brands around the world, such as Hussmann, Hill Phoenix, Kysor-Warren, Tyler and Zero Zone

Company Description: Suppliers and retailers, both traditional and web, face a highly competitive and rapidly changing world. RSi has market leadership in marshaling available data, applying innovative analytics, and returning value with actionable insights every day. Insights range from rigorous analysis of web promotions, daily out-of-stock alerts delivered directly to store personnel chainwide and the massive task of cleansing and harmonizing fine grain sales and supply chain data from 225+ different retailers around the world.

Our goal is to bring operational clarity for our customers, both suppliers and retailers, so that they can operate their business more successfully. For thirteen years we have been a trusted, massive data and analytics based provider to many major CPG manufacturers and have built supplier partnerships for a number of major retail chains.

Products / Services: Construction; Consulting Services; Energy Management; Equipment; Store Design

Company Description: SESCO® is the U.S. leader in providing equipment, engineering, commissioning, and energy management services for supermarket and restaurant HVAC systems. SESCO® has helped more supermarkets qualify for ENERGY STAR criteria than any other company in the United States.

SESCO® is recognized by industry and government for its expertise and continuing contributions to energy management through applied leading edge technologies within the supermarket HVAC discipline. SESCO® participates with industry and government to further energy management technology through the ENERGY STAR Program and other “Green Building” initiatives. SESCO® is publicly acclaimed for its contributions to the industry by major supermarket chains and the Environmental Protection Agency.

The goal of the SESCO® Program is to ensure the HVAC systems SESCO® provides commission as close to their design point as possible. As most customers can attest, strip shopping center construction does not always produce the best possible results and the owner ends up paying for deficiencies in the form of unnecessarily high energy bills. Broad application of the SESCO® Program to new store development and remodel programs produces significant reductions in operating costs associated with energy and maintenance.

SESCO® has completed more than 3,000 supermarket projects over the past 20 years. Our commitment to continuous process improvement throughout our history has resulted in the most experienced knowledge base regarding supermarket environments of any company in the United States.

Thermal Resource Solutions specializes in complex, custom, and energy-efficient mechanical and plumbing systems. We provide best-in-class application engineering and equipment services tailored to individual client needs. We approach a project from a systems perspective rather than an individual equipment perspective. We understand how all equipment components interact and strive to provide the best total system with the highest efficiency and the lowest life cycle cost.

We have a full-service division of factory-trained and certified technicians to perform equipment start-up, maintenance, warranty, and commissioning services.

Thermal Resource Solutions provides exclusive representation and sales/services for commercial and industrial HVAC and plumbing equipment manufacturers in North Carolina, South Carolina, and Georgia.
