Company Description: At Fazio Mechanical, we've mastered the art of providing full-service mechanical contracting solutions that cater to the distinct needs of businesses across diverse industries. Our core focus lies in design engineering, planning, installing, and servicing cutting-edge commercial and industrial refrigeration and HVAC systems. With a passion for precision and a commitment to excellence, we've established ourselves as pioneers in this dynamic field.

The Fazio Mechanical story extends far beyond our Pittsburgh roots. Today, we proudly hold the title of being the largest refrigeration contractor in not only Western Pennsylvania, but Ohio, and Maryland too. Our impact echoes through the cities of Cleveland and Columbus, Ohio, as well as Capital Heights, Maryland, where our branch offices flourish. But our reach doesn't stop there – we've extended our exceptional service to the corners of West Virginia and Virginia, shaping the landscapes of commercial refrigeration in these regions.

Products / Services: Merchandising Services; Supply Chain; Transportation/Distribution Services; Other

Company Description: Freight Handlers, Inc. provides unloading services to the retail grocery, general merchandise and food service industries. Additional labor resources are also provided -freight hauling, case selection, pallet sorting, and trailer switching.

FHI is the quality leader in the professional unloading industry, providing the best overall cost, given competitive pricing and exceptional operational performance. FHI's company-paid benefits and competitive production-paid earnings result in quality employees, low turnover and superior service to our customers.

Information is the key to lowering your supply chain costs. Detailed management reports identify component costs that can be reduced or eliminated. Our direct invoicing relationships, with vendors and carriers, ensure the lowest cost supply chain solutions where everyone wins.

When you decide to partner with FHI, you can eliminate the hassles of independent lumpers, improve dock safety, and achieve a new level of dock productivity which is being enjoyed today by the two largest, privately-held grocery retailers in the USA.

Company Description: AI-powered Demand Planning & Forecasting, Supply Planning, Sales & Operations Planning and Demand Sensing solutions for F&B and Agriculture companies.

Supply chain management in the food & beverage and agriculture industries faces unique challenges due to multiple factors including proliferation of SKUs, the perishable nature of products, stringent safety and regulatory standards, and complex logistics. Traditional approaches of supply and demand planning that use limited data on spreadsheets have proven to be terribly inadequate to achieve market success in these competitive product categories.

Our AI-powered planning platform enables you to evaluate multiple scenarios and make data-backed decisions faster than ever before. Combine external market signals such as Point of Sale (POS) data, publicly available and syndicated market trend data with your enterprise data to drive planning processes. Gain increased visibility and insights to confidently plan production, position the right amount of inventory at the right locations and seize opportunities.
