Company Description: We reach hard-to-reach affinity groups like Latinas or Millennials. We drive traffic via inspiring real life product stories promoting new items. We amplify demos to spike sales outside the 4-6 hour demo period. We make new store openings incredibly successful. And we do all this by using social media to solve shopper marketing problems.

CB harnesses the power of social content through our community of geographically and demographically diverse social influencers who have micro audiences centered on specific affinities and passions. They have incredible reach and their content generates high levels of engagement with value-conscious shoppers; this content gets deployed across all social channels and initiates two-way conversations directly with customers to influence purchase decisions.

This is shopper social media and CB is the only one who does it.
