Company Description: ARC solves operational challenges faced by companies who have large investments in handheld devices (i.e., devices by Zebra, Honeywell, etc.), which associates use to be productive for tasks like package/baggage scanning, inventory check, mobile PoS, etc. We've learned from clients that managing handheld devices is a nightmare -- they're experiencing surprisingly high device shrink, wasted time managing manual processes, and lost productivity when devices stop working, go missing, or batteries die.

ARC is a device management solution integrated with smart lockers to store, secure, and charge these company-owned handheld devices. ARC reduces device shrink, hits to productivity, wasted payroll time consumed by managers, and the number of faulty devices in circulation.
