

FMI Financial Executive Conference Continuing Education Credits Worksheet

Instructions: Enter the voucher code given at the beginning and end of each session. Log in to [www.eventscribe.com/FinExIA.htm](http://www.eventscribe.com/FinExIA.htm) to register and enter your codes. Your total credits will be calculated per field of study and you will be able to print out a certificate Please note that the proper calculation method for CE credits is total number of minutes PER FIELD OF STUDY, divided by 50 and ROUNDED DOWN to the nearest half credit. Thus, a 2 hour session counts for 2 credits (120 divided by 50 = 2.4, ROUNDED DOWN to 2.0 credits). There is no longer a need to sign in or out at each session since the codes validate your participation. As such, in order to protect the integrity of the system, we cannot give out codes before or after the session ends. The maximum number of credits you can claim is 19.0. *Sessions in italics are concurrent, therefore you can claim only one per time period.*
